Cooking Suggestion

Please consider Keep frozen until use. Appliance temperatures may vary. Please consider the performance of your appliance when following these cooking directions.

In a large mortar or big bowl, crush garlic cloves with pestle or the back of a spoon and sprinkle with salt. Add olive oil to the mixture and keep pounding until it's well incorporated. Transfer to a small bowl. In the same bowl, add thawed Mofongo base with pork rinds or cooked bacon, and half the garlic mixture and smash together. Add up chicken stock as needed, to make it moist. Spoon the mixture and shape into two-inch balls. Repeat with remaining ingredients and keep in warm oven until ready to serve. Top with more crushed chicharrón, or cilantro if you wish.

CAUTION!! Ice crystals on frozen foods can splatter when cooked in hot oil. To avoid risk of injuries, add product to the fryer with caution, carefully remove it from fryer after cooking, and let it cool for one minute before serving. Always wear protective eyewear and clothing to prevent injury from potential hot oil splattering.
