Heating Instructions

Please consider before cooking:	Keep frozen until use. Appliance temperatures may vary. Please consider the performance of your appliance when following these cooking directions.
Restaurant use/commercial fryers:	Preheat enough oil at 350-360 °F (176-182 °C) to cover plantains. Do not overload basket and carefully lower basket into hot oil. Fry for 3-4 minutes, to a golden brown. Drain excess oil. Serve warm.
Microwave:	Place desired amount in microwave safe container. At high setting, heat for 3 minutes or until plantains are hot. Serve Warm.
Oven:	Pre-heat oven to 375°F (190°C). Arrange frozen plantains in a single layer. Bake to a golden brown, approximately for 15 minutes. Serve warm.
CAUTION!! Ice crystals on frozen foods can splatter when cooked in hot oil. To avoid risk of injuries, add product to the fryer with caution, carefully remove it from fryer after cooking, and let it cool for one minute before serving. Always wear protective eyewear and clothing to prevent injury from potential hot oil splattering.
