Cooking Instructions

Please consider before cooking:	Keep frozen until use. Appliance temperatures may vary. Please consider the performance of your appliance when following these cooking directions.
Restaurant use/commercial fryers:	Heat the oil in the pan or fryer to 175°C / 350°F. Place the Sweet Potato Fries into the basket and cook for 2½ – 3½ minutes, until they're crisp and light golden. Lift the basket, shake off the oil, place on a plate lined with a paper towel and season with salt to taste.
Oven:	Pre-heat oven to 375°F (190°C). Arrange sweet potato fries in a single layer. Bake to a golden brown, approximately for 6-10 minutes. Serve warm.

CAUTION!! Ice crystals on frozen foods can splatter when cooked in hot oil. To avoid risk of injuries, add product to the fryer with caution, carefully remove it from fryer after cooking, and let it cool for one minute before serving. Always wear protective eyewear and clothing to prevent injury from potential hot oil splattering.
